

Surveyor Jobs in Canada's North

Full-Time in Canada - Mid Level - N60

We are seeking the right individuals to join our Northern Team as Survey Party Chiefs in Whitehorse, Yellowknife and Iqaluit for permanent and seasonal roles. Our surveyors and experienced project managers have worked in nearly every community and region over decades of working in the Yukon, Northwest Territories and Nunavut.

The Survey Party Chief reports to the Branch Manager and is accountable for effectively and efficiently carrying out field survey assignments.

General Responsibilities:

- Completes field surveys and works closely with the Project Manager to ensure all client objectives are met.
- Provides necessary documentation to office staff including any field notes, computations, and other survey data.
- Communicates effectively with team members and ensures tasks are completed on time.
- Performs all health and safety duties as identified in the company's safety procedures.
- Skilled with the use of survey equipment (GPS/GNSS Rovers, Total Stations, Locators, etc.) and ensures all company equipment and vehicles are properly operated and maintained.

Qualifications

- Diploma in Geomatics or related discipline as well as previous survey experience.
- Experience in the mining sector or construction is an asset
- Valid Class 5 driver's license
- Any valid safety certificates an asset (i.e. H2S, First Aid, CSTS, Wildlife Awareness)
- Physical fitness - party chiefs work outside in tough conditions, often carrying equipment long distances
